How it all began & the story so far:

The Lincoln TechGuys site (formerly PCServiceCall & Mastercare) have had many employees that have been heavily involved in fund raising over recent years.

Mastercare's first 5-Aside football tournament in Lincoln, over 20 teams turned out that year from all over the country and that set the tone for years to come, making the tournament an annual event. The following year in 2003 the event was to be more than just a 5-aside tournament, it became a family fun day, raffle and auction for all employees, family members and invited guests, this year over 50 teams entered and again people from all over the country attended.

In 2000, Jo Ward gave birth to a beautiful baby daughter, Isabelle, sadly Isabelle was born with an incurable illness, Cystic Fibrosis. Neil Grainger colleague and friend of Jo decided to enlist

the support of some very unlikely colleagues as models, to help raise money and awareness for this terrible illness, by doing a 2001 PCServiceCall (Lincoln) Calendar, with the photo's taken by our very own Mr Sean Gray.

Dallas Flint not only posed for photos on the Calendar but also had her shoulder length hair shaved off to the scalp in front of a large warehouse audience – all in the name of charity, between the Calendar and Dallas volunteering to go bald, over £1700 was raised for the Cystic Fibrosis Trust.

On Saturday August 2nd 2004, we held a very similar event to the year previous and repeated the success, this time at Newark Showground, again around 50 teams turned out for the football.

In 2001, Neil Cook security guard, for Static Security working on the Lincoln Mastercare site, suggested to Darren Hickman that he ought to tap in to the massive infrastructure of DSGi and organise a company Football 5-aside competition. In May 2002, Darren and Dan Dolby hosted

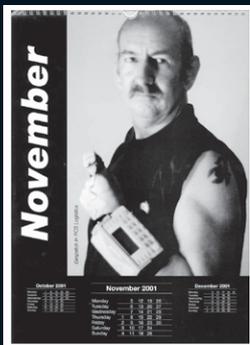

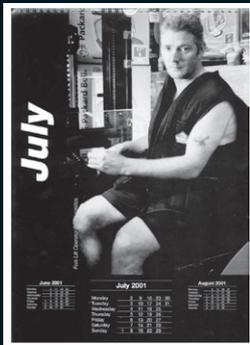

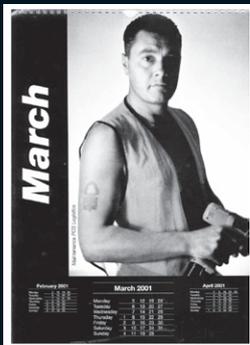

Later that month on August 30th Darren Hickman sadly passed away after suffering a Brain Haemorrhage just seven weeks before his 29th Birthday. The doctor explained

that Darren had an old head injury that he most probably knew nothing about and that it was like a ticking time bomb that could have happened at any time and it was for this reason why future fund raising efforts were in aid of Headway, the brain injuries charity.

2001 PCServiceCall (Lincoln) Calendar

Continued...

The annual 5 aside football tournament continued thanks to Glen Holbrook insisting that Darren's good work and effort should not be undone, Glen and Dan organised a further three 5-aside tournaments in 2005, 2006 and 2007, unfortunately due to venue availability and time constraints this years 5-aside never managed to come to fruition, however we do have plans for next year already so pop 27th June in your diary if you're interested!!

In May 2006 Dan Dolby and Leigh Dolby decided to undertake their life long cycling ambition of cycling the full length of the UK, from John O'groats to Lands End, Dan and Leigh took 10 days to cycle the 1008 miles, supported by a two man crew in a camper van, Dan Lowther and Mark Lancaster (aka Max & Paddy), the fund raising efforts of this feat raised in excess of £5000 which was shared between three charities, Headway, Cancer Research and Multiple Sclerosis Society.

www.end2end2006.co.uk

2008 – We couldn't let this year pass without making the effort to do something special for charity. Tonight's event is Natalie Holbrook's brainchild, Nat wanted to do something more refined for a change and for The TechGuys to host a more female friendly event, as the auctions that we have held previously have been after family fun days or cycle rides and the items up for grabs haven't always had the most appeal for females.

We have had a massive response from people/companies donating items for the Raffle and Auction for tonight, also there are over 100 people here tonight attending, again thank you all for coming along and hope you thoroughly enjoy the night.

Everyone at The TechGuys (Lincoln) would like to thank all the many different Companies, Attendees and Sponsors for all their involvement in the forementioned activities over the years because without your support none of this would have been possible.

What Next?

When Dan and Leigh finished their Cycle marathon in 2006, Dan got off the saddle and said "never again" but Leigh said quite calmly "I'd do it again in fact I'd like to see how fast I could do it, I reckon if I took a more direct route and didn't have Dan doing the map reading I could cycle John O'groats to Lands End in five days".

It would seem that the memories of saddle soreness have faded and Dan feels up to his dad's challenge of seeing how quick he can complete a direct route of John O'groats to Lands End, the journey is roughly 900 miles without encountering motorways and will require an average of 180 miles cycling each day to complete the ride within 5 days, this would mean an average of 12 hours on the saddle each day, cycling at an average rate of 15mph, not too sure Glen is totally aware of the facts or quite how bad the saddle sores really were but he's most keen to do the cycle ride with Dan and anyone else who would be willing or wanting to join them would be most welcome, providing they are mad enough!

They are setting off for John O'groats Thursday May 21st 2009

www.end2end2009.co.uk

On August 31st 2007, Leigh Dolby was tragically killed whilst he was out cycling, preparing for his next charity cycle challenge.

The annual 5-aside will be held on Saturday 27th June 2009

And should tonight be a worthwhile success we will be looking to repeat the Auction night on Friday 26th June 2009, the evening prior to the Football.

About the chosen Charities

www.childline.org.uk

About ChildLine

A service of the NSPCC

Championing children for more than 18 years - View a timeline of ChildLine's work since 1986

ChildLine is the UK's free, 24-hour helpline for children in distress or danger. Trained volunteer counsellors comfort, advise and protect children and young people who may feel they have nowhere else to turn.

Almost 1,400 volunteers provide a counselling service, supervised by a team of professional supervisors and managers. Every day our counsellors answer around 2,500 calls from children and young people looking for comfort, advice and protection.

What do children call about?

Children call ChildLine about a wide range of problems, but the most common problems are abuse (both sexual and physical), bullying, serious family tensions, worries about friends' welfare and teenage pregnancy.

How does ChildLine help?

Since it was launched in 1986, ChildLine has saved children's lives, found refuges for children in danger on the streets, and given hope to thousands of children who believed no one else cared for them. ChildLine has now counselled well over one million children and young people.

ChildLine campaigns on behalf of children by relaying what they tell us to policy-makers who can help change children's lives for the better.

ChildLine also provides an outreach service to schools and youth groups through its CHIPS programme.

ChildLine Registered charity no. 216401 (ChildLine is a service provided by the NSPCC)

About the chosen Charities

Education – Communication – Distraction

- 2000** Matthew gets diagnosis of cancer
- 2001** Matthew comes up with idea of giving laptops to teenagers with cancer so they can carry on with their education.
- 2002** We started collecting money to purchase equipment, which we decide to lend rather than give.
- 2003** In November we lend first equipment out to two boys in Rotherham.
- 2004** During year 25 helped, Matthew dies in March and in August finally get charitable status.
- 2005** Further 16 helped and we continue to grow. Offer internet to teenagers.
- 2006** 12 more teenagers helped & 50th teenager helped.
Our ISP goes bust so we move to wifi and supporting families with Broadband.
- 2007** 6 more, now helping 34 on an ongoing basis – with a stock of 38 machines.
- 2008** Stock rises to 48 machines – 40 out. All machines now come with wifi and webcam.
Continue to work with teenagers with long term or terminal illnesses.
Vista – achoo – bless you. We are working on a cure for vista.
So far turned no-one down who meets criteria
Regular requests from professionals in Lincolnshire, Nottinghamshire, Derbyshire, S&W Yorkshire, also helped teenagers from Lancashire, Warwickshire, Suffolk.
Provided advice to families and professionals as far a field as Surrey, Somerset, Scotland, Hampshire.
Every penny comes from people like you – examples being events like tonight's.
We have had support from around world with hits on website from all corners of the planet.
Everyone who works with MattDotCom does so as a volunteer.

Reason why teenagers have laptop:

- 1) to continue their education,
- 2) to enable them to stay in touch with peers, family etc via web,
- 3) can be used as a source of distraction during painful treatment.

About the chosen Charities

www.headway.org.uk

About Headway – the brain injury association

Headway – the UK's leading brain injury charity – provides support, services and information to brain injury survivors, their families and carers, as well as to professionals in the health and legal fields. It has more than 100 groups and branches throughout the UK.

Key facts

- It is estimated that across the UK there are well over 500,000 people of working age living with permanent disabilities as a result of head injury
- Each year, around 1.4 million people attend hospital A&E in the UK following head injury
- Approximately half of deaths in people under 40 are due to head injury
- Head injury accounts for about 30 per cent of traumatic deaths and a higher proportion of long-term disability
- Men are two or three times more likely to have a brain injury than women. This increases to five times more likely in the 15-29 age range
- The major causes of head injury are road traffic accidents, falls and accidents at home or at work

To find out more about Headway, please visit www.headway.org.uk

About the chosen Charities

www.bhf.org.uk

Our vision is of a world in which people do not die prematurely of heart disease.

We will achieve this through our pioneering research, our vital prevention activity and by ensuring quality care and support for people living with heart disease.

We need you to share our vision because, together, we really can beat heart disease.

Our Strategy

But if we are to succeed in beating heart disease, it's vital that everyone is aware of our objectives - and how we are working to achieve them.

Our Activities

As the nation's heart charity, the British Heart Foundation focuses on three vital things:

Investing in pioneering research. We fund around 1,200 research projects investigating every aspect of heart disease - from causes and safer drugs to improving surgical techniques. Supporting and caring for heart patients. We fund BHF Nurses who visit heart patients with all types of heart conditions in their homes. We provide defibrillators and echocardiograph machines for hospitals, emergency services and first-aiders. Providing vital information to help people reduce their own risk of dying prematurely from a heart or circulatory related illness. We produce publications, videos and other materials for health professionals and the public including children. We inform people about how to improve the health of their heart through public information campaigns, advertising and the media.

Some vital facts and figures

There are over 400 BHF Heart Nurses caring for patients across the UK.

Over 1,620 Heartstart UK schemes teach people what to do in an emergency.

More than 1.2 million people have been trained by Heartstart UK in schools and the community.

The BHF invests over £100 a minute on research to keep the nation's hearts healthy.

British Heart Foundation Registered charity no. 225971

Raffle & Auction Instructions

Auction

Tonight's auction is going to be a 'silent auction', due to the fact that we have had so many generous donations we felt that it would be very difficult to fit 52 lotts in, in a verbal auction throughout the course of the evening.

Around the room there are 52 clipboards, each clipboard represents a Lott, details of the specific Lott are at the top of each page on each clipboard, please use this brochure to identify the Lotts that you may be most keen to purchase, then visit the appropriate clipboard and write down your bid, listing your,

Full Name
Contact details
Company if applicable
Price your willing to pay at this point in the evening.

The idea is then, that you should keep an eye on how the bids are performing on your chosen Lotts, with a view to continue bidding whilst the item(s) remain within your chosen price bracket.

Around 10pm the clipboards will all be collected in and announcements will be made as to who the winning bidders are on each Lott.

Cash and Cheques are accepted, however we would like to get away from accepting promises to pay post event, as this lends itself to additional work for the organising team.

Raffle

Tonight's raffle is going to be done in the style of a lucky dip, therefore your ticket may be drawn out first but this doesn't necessarily guarantee you the top prize of the short break to New York, when your name is called, you will be asked to come and draw an envelope from a separate pot (a bit like the Thunderball draw), each envelope is pre-sealed and have been mixed, so that no one knows who will win which prize.

On your table please find 50 Raffle tickets, these are for your table only, please do not swap them between tables, more tickets are available from Glen, Nat or Dan. Each ticket is £5 and tickets are only being sold to people here in this room tonight, so the winner of each and every prize will be here to draw and collect their prize. Around 10pm this evening we will be collecting in all the stubs from the sold tickets along with the money and the unsold tickets, the draw for the raffle will take place at approximately 10:45pm.

Some of the prizes/lotts aren't present on the night due to their size, if you are the winner of such an item, a member of the organising team will be in touch early next week, to arrange delivery or collection.

Most of the items are here this evening, so please feel free to take a look more closely.

If you require any more details on how the auction or raffle is working this evening please don't hesitate to ask Glen, Nat or Dan.

Happy Bidding and the Best of Luck

Raffle Prizes

SHORT (3 DAY) HOLIDAY BREAK TO NEW YORK

Donated by:

This raffle prize is advertised as a short 3 day break to New York, but thanks to Co-operative Travel they have issued a voucher for this prize to the value of £1700, therefore should the winner opt to take the holiday to New York they may do so, however should they wish to put money to the prize and upgrade hotel or stay for additional nights they may do so, alternatively, should the winner wish to transfer the value of this prize to an alternative holiday then Co-operative Travel have agreed that this is possible. (any holiday or upgrade taken with value above £1700, the difference must be paid for by the winner and this voucher is non-refundable for cash)

If you require any more details on how the auction or raffle is working this evening please don't hesitate to ask Glen, Nat or Dan.

Thank You's

Thank You to everyone for attending and supporting this evenings event, ealry next week we aim to be in touch with everyone to let them know how much has been raised by tonight's activity.

Thank You also to all the donating companies and people, without your generous support tonight wouldn't have happened.

Thank You to Mercom for their continued support, with such events and for being the main sponsors of tonight's event

Thank You to Luke Gooding of CooGoo Design, who once again he's done an absolutely fantastic job with all the artwork and design. Luke has done all of this work free of charge (for an old school friend and a good cause or four), we're most grateful for all the work he has done. Cheers Luke.

Thanks

And hope to see you all again next year!
